WORK HISTORY: Hired as a central office equipment installer (COEI) in April of 1985.
I have remained as an installer since being hired and have worked throughout the Maritime Provinces.

COMMENTS: I have been involved with the Union since 1996 and have held several positions which have allowed me to gain a wide variety of experience at both the Local and Unit levels.

I am offering as President because I believe I can make a difference as we head into this round of negotiations with Bell in an attempt to secure a new collective agreement.

If elected, I believe my past Traditional bargaining experience will be of great benefit with the up-coming negotiations. Also, as a Union and as the Executive, we must be a focused group with no personal agendas or other distractions getting in the way of our main objective, a new contract.

If anyone has any questions please feel free to contact me.
