- Sales & Service Representative
- Phone Store
- Completion Clerk (Dispatch)
- Repair Representative

### COMMENTS:

I believe in the union and that the members make the union. Members of District 2 come to me with their questions and concerns because they know I will take the necessary action and find an answer for them. I have no problem asking difficult questions and standing up for myself and others. I will address the unique issues of our district and I am the voice that will represent the member of District 2 at the Local Executive Board.
